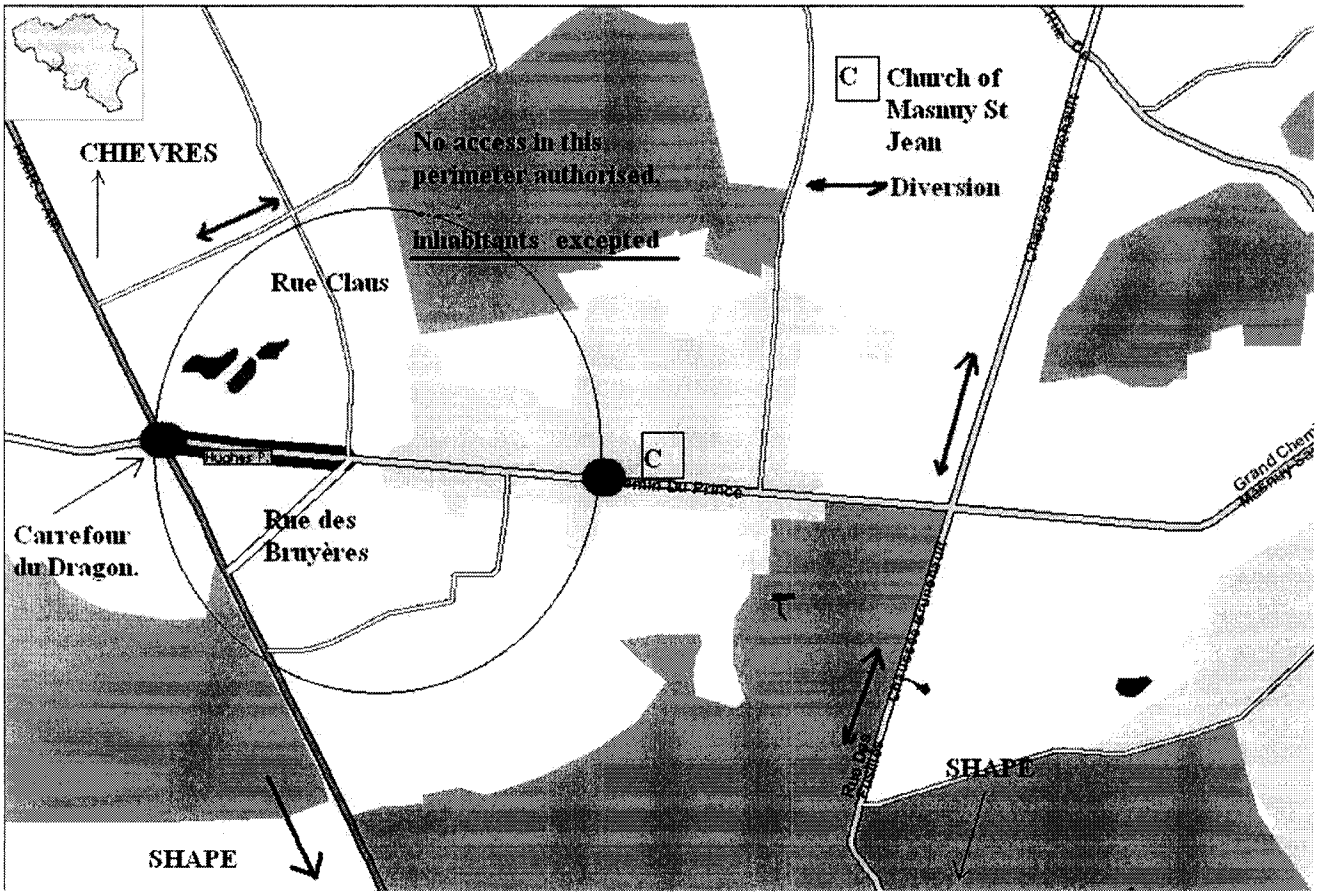
Traffic diversion in Jurbise.

The Jurbise' authorities have planned important roadworks along the "Chemin des Princes", i.e. new sewers, resurfacing the road, security areas, cycling paths, …
These works are due to start on March 15th, 2004 for ONE year.
The access to the "Chemin des Princes" **WILL BE DENIED**. Coming from SHAPE towards "route d'Ath", the road will be closed in front of the church of Masnuy St Jean.
On the "route d'Ath", the road will be closed from the "Carrefour du dragon", it means no access at all.
Except local residents of the concerned area will have access to the perimeter of the works.
To this effect '**DIVERSION**' traffic signs will help with the reroute.
Do not be caught everyday in the traffic congestion. Organize you life to avoid the concerned area.
There are different options to come to SHAPE or to go home, avoiding the "Chemin des Princes".
The Jurbise' authorities will appreciate your help in facilitating the traffic flow around the concerned area.
Here after, a sketch showing approximately the concerned area.
Your SHAPE Federal Police.



En raison de travaux importants le long du chemin des Princes à Jurbise, celui-ci sera fermé à la circulation à partir du 15 mars 2004 et ce pour une durée de UN an. Des déviations seront installées à partir du carrefour du Dragon le long de la route d'Ath et de l'église de Masnuy St Jean.
La zone délimitée par le cercle sera réservée exclusivement aux habitants.
