Sirinyer, Izmir, Turkey

Local Address:

NRDC-T
34396 Sariyer
Istanbul, Turkey

WELCOME!

I would like to take this opportunity to welcome you to Alpha Company, Allied Forces South Battalion (AFSOUTH), and United States Army North Atlantic Treaty Organization (USANATO) Brigade. Our company is headquartered in Izmir, Turkey, with duty locations in Izmir, Istanbul and Ankara. The Battalion Headquarters is in Naples, Italy and the Brigade Headquarters is in Sembach Kaserne, Germany.

Our mission is to support all NATO regional and worldwide objectives through the assurance of individual Soldier Deployability and Family Readiness. We provide training, logistics and human resources support to all assigned U.S. Army Soldiers while maintaining Joint, Interagency, Intergovernmental and Multinational partnerships.

Our vision is to be a ready and trained “team of teams” providing direct support and enabling the strategic objectives of both the United States and the NATO Allied Forces while supporting the National Support Element, the Peacetime Establishment, the NCIA (where applicable) and the Chief of Mission (LANDCOM CG).

You are further assigned to the NATO Rapid Deployable Corps-Turkey in Istanbul, Turkey. So we are better prepared to receive you, keep us abreast of changes to your arrival date. Your sponsor’s contact information is in your welcome letter. Your sponsor will be assisting you to make your transition as seamless as possible. Please inform him or her of any special requirements (i.e., pets, housing, or medical needs).

We highly encourage you to hand-carry your training records, obtain digital or paper copies of your medical and dental records, and documents required to in-process (PCS orders, NATO orders, DA Form 31, marriage and/or birth certificate(s) for children (to substantiate BAH/OHA payments), household goods, vehicle shipping documents, and travel expense receipts). Also, it is best to bring 180 days of prescribed medication(s) until you are enrolled in the TRICARE Overseas Program Prime Remote (TOP PR).

To financially prepare for this move, it will be important to allocate savings to cover initial PCS expenses upon arrival. These expenses will include first month rent, realtor fee (where applicable), fuel ration deposit, immediate-use household goods, annual insurance premium payment, vehicle inspection, registration and repairs, internet deposits and cellular phone contracts. These initial costs can be in excess of \$3,000. If you elect to not ship a vehicle, your initial costs will be less. It is not necessary to ship a vehicle due to the proximity of housing to your duty assignment and a robust public transportation system.

Advances for housing security deposit and first month rent are available through the finance office, located in Izmir. After in-processing is complete, submit vouchers for reimbursable expenses, Move-In Allowance and Dislocation Allowance can be submitted. Please note, these payments may take several weeks to process.

The information below is not all inclusive and may change over time. It is especially important to maintain contact with your sponsor as you execute your PCS movement. Typically, you will meet your NRDC-T sponsor at the Istanbul International Airport. Your National Support Element in Istanbul will assist with all in-processing tasks.

WHAT IS NRDC-T?

NRDC-T, is a High Readiness Force (Land), prepared to deploy, on order, to an area of operation designated by SACEUR, and assume command of assigned units to conduct combined, joint military operations across NATO's entire mission spectrum (High Intensity Conflict / PSO). NRDC-T was declared fully operationally capable in January 2021 and are on standby thru January 2022. We are now transitioning to an LCC mission again. NRDC-T is certified as a NATO NRF Corps HQ (LCC).

NRDC-T co-located with the Turkish Army 3rd Corps Command (3uncu Kolordu Komutanligi) on Guney Kisma (South Barracks) in Ayazaga located on the European side of Istanbul (West of the Bosphorus Strait). The U.S. contingent is headed by an Army Colonel, serving as the NRDC-T Senior National Representative, and is authorized 19 U.S. military personnel (17 serving in the NATO staff and two NCOs attached from the support company in Izmir to facilitate admin and supply issues for us). For more information concerning the NRDC-T visit the web site at: <http://www.hrf.tu.nato.int/newcomers.html>.

NRDC-T MISSION

NRDC-T, is a High Readiness Force (Land), ready to assume command of assigned units to conduct combined, joint military operations across NATO's entire mission spectrum (High Intensity Conflict / PSO) either as a Corps HQ, Land Component Command (LCC) HQ including NATO Response Force (NRF) and Combined Joint Operations (CJFLCC), a NTS JHQ to command Small Joint Operations (SJO), or as a HQ/JTF capable to support NATO Command Structure (NCS) JHQ in command of Major Joint Operation, or to augment ongoing operations, in order to support crisis management options or sustain extant operations. Our HQs is certified as a Joint Task Force (JTF) able to command and control four component commands (Land, Maritime, Air and SOF) in the conduct of an SJO.

CHALLENGES ASSOCIATED WITH THIS REMOTE LOCATION

The most challenging aspect of this assignment is the distance between your duty location and the company, battalion and brigade headquarters. This said, we make every attempt to effectively utilize technology to ensure prompt and accurate communication between all echelons. The company HQs is located approximately 400 miles away in Izmir, Turkey.

Force Protection is key to this assignment. This is an unaccompanied tour and we receive Hazardous Duty Pay for a reason. Turkey is engaged in an internal conflict with the PKK, a terrorist organization that has conducted attacks in major cities of the country. In addition, ISIL is a threat within Turkey.

Since January 2016, there have been attacks against military in Ankara. Some recent local events include a suicide bomber in front of the Blue Mosque, a suicide bomber on Istiklal Street, a car bomb attack outside of a soccer stadium and shooting at a night club on New Year's 2017. There have been small arms attacks in Izmir and a shooting at an Izmir night club in March 2020. Political demonstrations can also turn violent.

Security requirements and AT/FP measures are constantly being reviewed and updated. This means that during your assignment, off limits areas and establishments may be declared or changed a number of times. Precautionary measures must be implemented to reduce our vulnerability.

The NRDC-T US Contingent falls under USAFE for force protection, but we receive our most useful threat and force protection information from the US Consulate in Istanbul, and LANDCOM HQs, office of the Provost Marshall in Izmir.

ROUTINE ADMINISTRATIVE SUPPORT

NRDC-T has a National Support Element (NSE) that is collocated with the NRDC-T Peacetime Establishment (PE) Soldiers, consisting of two Army NCOs and one Turkish national. The NSE conducts all personnel support and are the liaison to the nearest Army Regional Support element, A Co located in Izmir, Turkey. This command currently provides finance and personnel service support.

All administrative support such as actions, awards, evaluations, DD Form 93, SGLV-SOES, leaves, passes, SRB updates, rating schemes, MEDPROS updates, Voting Assistance, and all other HR-related actions are handled by the National Support Element (NSE) at Izmir. The NSE supports their assigned company and battalion mission by ensuring individual Soldier and Family Readiness through administrative, HR, logistics, operations, and communications support.

NSE personnel will coordinate with the company headquarters for all administrative and administrative agent support. Without a staff of Vectrus contractors in the local area, NRDC-T is determined to be a more austere duty assignment, even though it is located in the heart of Istanbul.

ARRIVAL AND IN-PROCESSING

You will arrive at Istanbul Ataturk Airport, the international airport on the European side of Istanbul. You will proceed to the Diplomatic Line at Passport Control and show your original NATO orders (stamped, or signed and dated in blue ink) and your U.S. Army CAC card. Your orders now become your VISA in and out of Turkey. Each time you depart and enter, you must show this order with the original blue ink stamp and signature, and red ink stamp emblem from the passport officials. Make sure authorization for passport, VISA, and excess baggage is authorized in your PCS orders.

Key points of contact:

- (1) NSE NCOIC - DSN: 314-676-3769; Work Commercial: +90-212-276-8418; Cell: +90-549-821-4591.
- (2) NSE NCO - DSN: 314-676-3769; Work Commercial: +90-212-276-8418; Cell: +90-549-821-4567.
- (3) NSE CTR - DSN: 314-676-3769; Work Commercial: +90-212-276-8418; Cell: +90-530-776-1031.

Alpha Company, AFSOUTH BN National Support Element (NSE) will issue you an in or out-processing checklist. Please follow each of the steps in the checklist and work closely with your sponsor and Alpha Company NSE in submitting your required documents to start/stop your overseas entitlements, and establish your network access (in the USAREUR-AF domain).

Your NATO installation will also have their own in/out-processing requirements with each staff section (J1, J2, J6, etc). The NSE personnel will assist you in applying for and receiving their NATO identification cards, ration cards and any required finance support.

RESOURCES

GARRISON SUPPORT

Your closest locations for garrison-type support is a significant distance. The nearest garrison for NRDC-T is USAG Italy. With the battalion and brigade located in Italy and Germany, respectively, it is important to bring everything you could possibly need during your tour either with you or shipped in your HHG/UB shipment. While there may be some locations in your local area for support, the nearest military installation is Incirlik Air Base, home of the 39th Air Base Wing. Within the company footprint are support assets including, but not limited to: DEERS/CAC office, Health Clinic / Aid Station, Dental Clinics (on economy), Passport Offices (U.S. Consulates in Istanbul, Izmir and Ankara), Finance, Housing Office, MWR, BX and Commissary (only in Izmir). Alpha Company HQ staff will be sending your in-processing documents to these respective offices during your transition.

MEDICAL / DENTAL

You are required to complete all PHA and dental requirements prior to arriving to the unit. Medical requirements include annual PHA, dental exam and cleaning, immunizations, hearing, vision screening and HIV testing. As your assignment is for 12 months, it is best to complete all medical readiness tasks immediately prior to leaving your losing installation. Dental care for the Soldiers must be done on the local economy through TRICARE International SOS (ISOS).

TRICARE Overseas Program Prime Remote provides health care through International SOS to Active duty Service Members (ADSMs) and command sponsored Family members residing with them in designated overseas locations.

Website: <http://www.tricare.mil/PLANS/HealthPlans/TPRO.aspx>

Phone number: +44-20-8762-8384

Soldiers will be referred to local health care providers by International SOS. International SOS maintains a list of local hospitals, clinics, and providers who speak English. However, once you arrive at your scheduled appointment, it will not be guaranteed that you will be speaking to an English-speaking receptionist or nurse. ISOS can provide live translations during your appointment, via telephone, if coordinated prior to your visit.

The Alpha Company medical NCOIC will provide you with the specific instructions on how to complete your PHA part 1 online and PHA part 2 over the phone. Our tele-health provider for PHAs is located at Landstuhl Regional Medical Center in Germany.

SCHOOLS

There are no DoDDs Schools in Istanbul, and Turkey, as of March 2021, is still an unaccompanied duty station. Therefore, assignment to NRDC-T in Istanbul is a dependent-restricted tour. Should Turkey return to being an accompanied tour duty location, there may be an international school at your location that provides instruction in both Turkish and English.

HOUSING

There is no Government Quarters/Housing available in Istanbul. Soldiers must reside in the Maslak 42 apartment building, or in the Istanbul Hilton during TLA/TLE.

Maslak 42 Address:
MASLAK MAH. Ahi Evran Caddesi, No: 6
Maslak A Kule,
Maslak-Istanbul Turkey

Many of the local quarters may be smaller than what some Americans are accustomed, however, there is suitable housing available. The Izmir Finance NCOIC will process, as part of your in-processing packet, your request to reside on the economy, lease agreement, realtor fee, OHA payments and other finance transactions or documents.

Overall living quarters are comfortable and accommodating. Having a positive outlook and considering ways to adapt to a completely different culture will enable you to overcome the cultural differences. Many electrical appliances you currently own cannot be used on the local 220 voltage systems. However, most smart devices like cellphones, laptops and tablets can be plugged in to the wall via an adapter. Additionally, other 120v appliances will require a step-down transformer, which you can purchase after you arrive. It will be possible to order transformers via Amazon and have them delivered to your new APO. Please see the mail information regarding timeliness and size restrictions. Other host nation online retailers may be a good option to obtain compatible electronic devices or transformers. Unfortunately, Furniture Management Office (FMO) lending is not available due to the distance from the Izmir-Vectrus Housing Office.

PASSPORT / VISA

Soldiers traveling overseas are required to have a tourist passport at a minimum. Official No-fee passports are only required if you are assigned to a NATO Rapid Deployable Corps (NRDC). For Alpha Company, our NRDC is in Istanbul. If your follow-on assignment requires an Official passport, you will be able to process this action through the U.S. Consulate in Ankara. The application process may take 8 weeks, so, you should begin the passport application process as soon as you receive your PCS orders.

MAIL

The mail flows from Istanbul to locations in Izmir and Ankara and is picked up from the Izmir Post Office (manned by USAF 425th ABS) or the U.S. Embassy in Ankara. Size restrictions apply for parcels, which is often 18" by 18".

All mail is handled by the US National Support Element (NSE). The NSE will pick-up / deliver your mail directly from the American Consulate. We use an APO address through the military postal system and mail is picked up two times per week.

As a "remote" location, we have very limited US postal support. It is recommended you bring several books of postage stamps for first class mail and \$1 postage stamps for packages you may want to mail out. It is also recommended you set up an account with an

online postal service and buy postage online and print out a postage label you can put on your packages. Mail can take anywhere from 7-30 days, one-way, to and from the USA. As of March 2021, the only acceptable customs form is the typed and printed form. Handwritten forms are no longer accepted.

BANKING

There are numerous ATMs available in Istanbul for your use. You can receive either U.S. dollars, Turkish Lira, or Euros at most ATMs. You can easily exchange U.S. dollars, Turkish Lira, or Euros at one of many money exchange facilities and check cashing can be done at the US Consulate.

All transactions on post require a credit card, this includes meals, coffee shop and commissary. Cash transactions are not allowed. There is an option to open a Turkish bank account once you arrive however it may take some time before you get the card. It is best to make sure your bank/credit card does not charge foreign currency conversion fees. For some banks such as Capitol One or USAA it is as simple as calling them to make sure that you will not be charged.

Also make sure that your bank is tracking your overseas move so bank card will work when you arrive.

Internet, cellular and TV providers require a host nation bank account for payment. The local currency is Turkish Lira (tL). The tL performs well against USD. Your sponsor may be able to recommend financial institutions that provide convenient branch and ATM locations. Please remember that conversion fees apply to your transactions when transferring dollars to the local currency or at point of sale (if paying in USD).

Many people make the mistake of calculating the equivalent currency when looking at the price of a good or service, but vendors and banks offer different conversions rates that is not equal to a simple conversion. Banks often provide more competitive conversion rates, so it may be best to transfer USD to local currency within your account to avoid excessive transaction fees or conversion rates at the point of sale.

VEHICLES

License: To legally operate your POV, you will need to apply for, and purchase an international driver's license. Many U.S. personnel in NATO accomplish this through AAA. Please reach out to your sponsor for alternatives if AAA is not available to you. Other licenses can be acquired, depending on agreements with the local government.

Registration: Registration is a complicated and expensive task. Before registration begins, you will need to have your vehicle inspected at a reputable mechanic shop or inspection station. The inspectors will ask for translated copies of your previous registration and a data sheet that outlines the technical specifications for your vehicle. Technicians will complete a bumper-to-bumper inspection that states any deficiencies. You will then have up to two weeks to correct the deficiencies, or you will need to pay for a whole new inspection at full-cost.

Be prepared to pay for repairs or parts replacement if your vehicle is not new or well-maintained. Once completed, you will need to have written permission from your finance company to register in your host nation (translated), a bill of sale (translated), previous registration, customs documents, local inspection and (in some cases) a drivers history from the past seven years (translated) for the insurance company. You will need assistance from a language specialist or local national to take your documents to the local DMV, pay the fees, and receive your temporary plates. After you are entered into the DMV database, permanent plates will be issued.

Fuel: There is a current agreement with the Turkish government to waive Value Added Tax and Excise Tax from your fuel purchases. Fuel in Europe can cost up to three times the cost in the U.S. It is important to plan trips according to authorized fuel stations. Please speak with your sponsor about the forms you will need to establish your account.

TRANSPORTATION

The transportation office is located in the Izmir Collocated Center (ICC) in Izmir at the Hilton in Alsancak. The arrival of Household Goods (HHG) or Unaccompanied Baggage (UB) will be coordinated through this office. Your sponsor will assist you in working with transportation personnel to ensure the delivery of your HHGs after you find a place to live. Once your housing contract is complete you can track your move at: <http://www.move.mil/> website.

Upon notification of a shipment's arrival, you must schedule a delivery date and be at your quarters on that date to accept delivery. HHG shipments for newcomers to your location can not include Personally Owned Firearms (POF). Host nation laws make it illegal to transport a personally-owned firearm into Turkey.

IT SUPPORT

IT support is provided through phone services to the 425th ABS communications team in Izmir and through the U.S. Embassy in Ankara. The 425th will process NIPR account requests during your in-processing in Izmir. VPN access can also be requested from the Alpha Company HQ if needed. Most of your emails will be on NATO Secret servers; the VPN can be used to access your .mil emails.

REASSIGNMENTS

When a SM out-processes from Alpha Company their main POC is the Alpha Company HQs NSE in Izmir, Turkey. The Company coordinates issuance of PCS orders from the BN MPD/S1 at Naples, Italy and coordinates all out-processing requirements such as transportation and housing with the Vectrus contractors at the ICC in Izmir. Request for replacement of PE and MOU personnel is coordinated between the Senior National Representative (SNR) / the Senior Army Officer (SAO) with ECJ1 Strength Management Division.

SECURITY CLEARANCE

The NATO Secret, SF86 renewals, and other clearances are process by the AFSOUTH Bn S2 through the NSE at Alpha Company HQ in Izmir. If fingerprints are required, the Service member must schedule an appointment with LANDCOM G2.

HAND RECEIPTS

The property books are controlled by the Company Commander at Alpha Company HQ Izmir, Turkey. You will sign sub-hand receipts for any company-owned communications equipment during your in-processing activities at Izmir.

For your OCIE issue, you will be sent a fillable form that will help you request your OCIE issue. Once complete, return to the Commander and Supply Sergeant and they will help coordinate with CIF-Vicenza, Italy to ship you your gear. Once you receive your shipment, inventory and submit your hand receipt to the Supply Sergeant.

UCMJ

UCMJ Company Grade - Company Commander at Alpha Company HQ in Izmir, Turkey.

UCMJ Field Grade - AFSOUTH Battalion Commander at Naples, Italy.

SPCMCA for E1 through E6 - AFSOUTH Battalion Commander at Naples, Italy.

SPCMCA E7 and above - USA NATO Brigade.

GCMCA - 7th ATC at Grafenwoehr

REQUIRED DOCUMENTS TO CARRY WITH YOU

- PCS orders
- Medical, dental, and Immunization Records
- Marriage Certificates, Divorce Decrees, and Children Birth Certificates
- Passport (tourist or Official if issued)
- Social Security Card
- Copy of Last Will and Testament (if applicable)
- Education Records
- Car titles and shipping papers, car registrations, car insurance policies and driver's license.
- Household goods and shipping inventory.
- Proof of citizenship, if a naturalized citizen.

CASUALTY REPORTING

In case of casualty or serious injury contact the Company Commander of First Sergeant immediately. They will provide instruction on how to properly report the casualty and request all necessary information needed to submit a CCIR. Recommend SAO/SNR review the Brigade and Battalion Casualty SOPs for more detailed guidance.
